

OUTDOOR POWER EQUIPMENT

TAKE THE POWER OUTSIDE

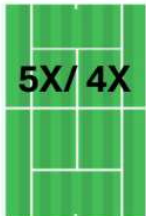

One battery system. More possibilities. Backed by decades of design experience, our outdoor tool range is engineered to deliver the same legendary DEWALT® performance.

Brushless Push Lawn Mower DCMWS134N-XJ & Self-Propelled Mower DCMWSP156N

PART OF THE CORDLESS 18V XR SYSTEM

Convenient LED Dashboard communicates

- Battery state of charge
- Cutting system difficulty
- Blade end of life
- Overload and Blade reset button
- Handle fix Indicator

Ideal for lawns measuring

- 1680 m² DCMWSP156N
- 1340 m² DCMWS134N

Ultimate run time- 2 X 5Ah Battery

- 65 min* DCMWSP156N
- 50 min* DCMWS134N

Single point height
adjust system, 6
Setting, 25mm-102mm

Select your ideal walking
pace with variable speed,
rear wheel drive

3-in-1 Self-Propelled (only for
DCMWSP156N) Mower with
Mulch, Bagging and Side
Discharge options

67L capacity
mesh fabric bag

Low profile- less
clogging and more
efficiency

53 CM steel deck mower with
autosensing brushless motor

Cordless Brushless 18V Pole Saw DCMPS567N-XJ

PART OF THE CORDLESS 18V XR SYSTEM

Magnesium gearcase
for durability and
light weight

Angled head allows for
more controlled
position when limbing

Metal Bucking Strips
& Tree Hook

High efficiency brushless motor -
Delivers up to 55 cuts on a 100mm
branches* (4 Ah Battery)

3.0m with extension
pole = 4.5m reach

3-Part extension,
easy for storage

20CM low kick back bar and chain
with auto-oiling for lubrication

- Recommend 18V 5.0Ah XR batteries for extended runtime
 - Bar Length : 8"
 - Max Cut: 15 CM
 - Oil tank Capacity: 115 ml
 - Chain Speed : 6.5m/s²
 - Battery Voltage : 18V
 - Battery Capacity : Compatible with 18V & 54V batteries
 - 8-inch, 043 gage and 3/8 Low pitch, No kick-back chain

Cordless Brushless 18V Pruning Saw DCMPS520N-XJ

Features and Benefits:

- Maximize runtime and motor life with up to 70 cuts (3Ah battery) tested on 4"x4" pressure-treated pine
- Automatic oiler – keeps bar and chain lubricated during use
- Brushless motor – for high efficiency and long run time
- Body grip design with hand guard – for control and safety during application
- Bolt lock chain tensioning – for reliable bar retention, with wrench conveniently stored inside bar cover

Technical Data

DCMPS520		
Voltage	V _{DC}	18
Type		1
Battery type		Li-Ion
Bar Length	cm	20
Maximum Chain Speed (no-load)	m/s	8.6
Maximum Cutting Length	cm	15
Oil Capacity	ml	55
Weight (without battery pack)	kg	2.1

PART OF THE CORDLESS 18V XR SYSTEM

Cordless Brushless 18V String Trimmer DCMST561N-XJ

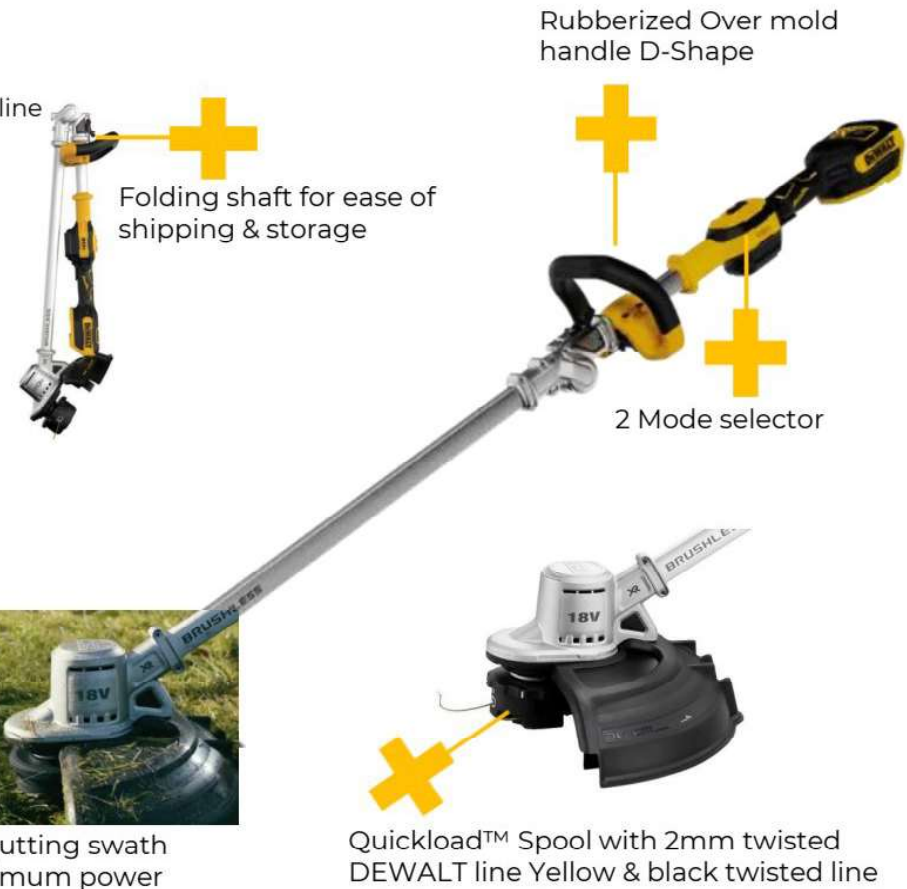

Features and Benefits:

PART OF THE CORDLESS 18V XR SYSTEM

- Quickload™ Spool with 2mm twisted DEWALT line Yellow & black twisted line
- Includes 7.5m x 2.0 mm twisted cutting line
- Ergonomic grip, well-balanced design and secondary D-ring handle
- Included shoulder strap
- 18V BLDC motor at Gear Head provides max. torque

Specifications:

- Cutting Width : 36 CM
- Line Cutting Speed : 0-4600/ 0-6000 RPM
- Line Diameter : 2 MM
- Line Length Supplied – 7.5 M
- Runtime up to 40Min* (Low mode 5Ah)

Cordless 18V Power Pruner DCMPP568N-XJ

Features and Benefits

Brushed Tool Part of DEWALT 18V Tools

- 1,000 cuts on soft wood (0.5" with 5Ah)
- Target Customers:
 - Cutting overgrown limbs of the plant/ tree
 - Horticultural pruning
 - Tea and coffee branches pruning
 - Silkworm feed plant pruning
 - Dry shrubs and weeds
 - Garden pruning
 - Grafting

Cordless 18V Pole Pruner DCMPP569N-XJ

Brushed Tool Part of DEWALT 18V Tools

- Cut capacity – cuts branches up to 3mm.
- Power tool style ergonomic design – designed to be
- Safety trigger – switch must be pushed and both triggers pulled to cut
- Soft trigger – requires low force to actuate, making the product comfortable
- Coated, non-stick blades – avoid blades being clogged
- 1,000 cuts on soft wood (0.5" with 5Ah)
- Easy to store segmented pole system
- Extends up to 3 meters to reach high branches
- 5-position articulating head makes it easier to cut branches at angles

Cordless 18V Hedge Trimmer 5Ah DCMHT564N-XJ

FAST CUTS: 55cm blade with 25mm blade gap to quickly and easily trim hedges

UNINTERRUPTED PERFORMANCE: Up to 75 minutes of runtime*

COMFORTABLE TO HANDLE: At only 3.2kg (bare), with ergonomic over-molded hand grips allows you to easily maneuvers the hedge trimmer and reduce fatigue.

Specifications

- Idling speed (min-1): 2,800
- Bar length (cm): 55
- Cutting capacity: 25 mm
- Weight (without battery): 4.1Kg, 3.2Kg and 2.9Kg
- DCM564 has 39% narrow body

PART OF THE CORDLESS 18V XR SYSTEM

Cordless Brushless 18V Pole Hedge Trimmer 5Ah DCMPH566N-XJ

PART OF THE CORDLESS 18V XR SYSTEM

Features and Benefit:

- POWER - Quick and efficient cut. Blade cut capacity = 25mm, 2800 spm
- REACH / ANGLES - 3.35m max. Reach 7-position, 180°, articulating head
- ERGONOMICS - Lightweight and maneuverable. Well balanced
- RUNTIME - Up to 75 min of runtime with a 5Ah battery*
- SEGMENT POLE DESIGN - Breaks down for ease of transportation and storage

Battery Capacity up to*	5 Ah
Battery Voltage	18 V
Blade Length	550 mm
Blade Gap	25 mm

Cordless 54V Brushless Chain Saw DCMCS575N-XJ

Features and Benifits

- Flexvolt 50cm Brushless electric chainsaw
- High-efficiency brushless motor delivering up to **3000W of peak power** (equivalent to 4Hp).
- Bar & Chain Length: **50 cm (20 inches)**, optimized for large logs and heavy timber
- Chain Speed: **13.5 m/s for fast**, high-torque cutting.
- Chain Specs: **3/8" pitch, 1.3 mm gauge**, 68 drive links Compatible with All branded Chains
- Weight: 5.7 kg bare unit weight
- Oil Capacity: 115 ml automatic oiling system with a clear viewing window

Recommended to be paired with 9Ah and 12Ah Flex Volt Batteries

- **Small Logs (~100 mm / 4-inch diameter):**
 - **9.0 Ah Battery:** Up to **130 cuts**
- **Medium Logs (~150 mm x 150 mm / 6-inch square beams):**
 - **9.0 Ah Battery:** Up to **65 cuts**
- **Large Professional Timber (~200 mm to 300 mm / 8 to 12-inch logs):**
 - **9.0 Ah Battery:** Approx. **25 to 35 cuts**

Cordless 54V Brushless Chain Saw DCMCS575N-XJ

Core Customer Profiles & Value Propositions

1. Professional Landscapers & Tree Surgeons

Why they buy:

- Require a reliable, high-torque saw for fast site clearances, felling medium-to-large trees, and processing heavy logs.

Key Draws:

- 4.0 HP / 50cc petrol-equivalent performance.
- No need for fuel mixing, no heavy fumes, no pull cords.
- Quiet operation suitable for areas with noise ordinances.

2. Construction Workers & Carpentry Tradesmen

Why they buy:

- Used on major job sites for cutting massive structural timber, heavy roofing beams, and clearing rough wooden framing.

Key Draws:

- Instant trigger activation.
- Zero indoor emissions—safe for enclosed or partially built structures.
- Legal to use where petrol saws are banned indoors.

3. Rural Landowners & Forestry Hobbyists

Why they buy:

- Manage large estates, farms, or private woodlands.
- Regularly process winter firewood and clear storm-damaged logs.

Key Draws:

- Avoid carburetor maintenance and fuel degradation issues from idle petrol saws.
- Industrial-grade clearing capability on demand.

Cordless 18V Brushless Chain Saw DCMCS565N-XJ

- Bar and Chain: 30cm TRI-LINK Bar and Chain reliable for fast completion on small to medium materials
- Run time: High efficiency Brushless motor, delivering up to 55 cuts* of 8" pressure treated spruce per charge (18V XR 5Ah battery).
- Tool free bar fitment and chain tensioning for fast chain adjustments
- Variable speed trigger so no pull starting is required together with improved control during cutting
- Chain speed of 7.68 m/s. plus a chain brake that stops in <1 second for improved safety
- Extensive overmould handle for extra grip and comfort in prolonged use

Cordless 18V Brushless Chain Saw DCMCS565N-XJ

Customer Profile	Why They Buy	Product Draws
Domestic Users & Estate Owners	Large gardens/woodlands, firewood, storm cleanup, easy/low-maintenance use	Hassle-free, easy start, reliable for infrequent use
Light Professional Users	Quick branch clearing, climbing work, on-site timber cuts, quiet operation	Lightweight, quiet, versatile for sensitive environments

Cordless 18V Brushless Axial Blower DCMBL562N-XJ

- **Airflow Performance:** Delivers up to 450 CFM (12.7 m³/min) of air volume and 200 km/h air velocity.
- **Motor Technology:** Equipped with a highly efficient 18V XR brushless motor for maximum runtime and durability.
- **Form Factor & Weight:** Compact handheld design, weighing just 3.1 kg (excluding battery).
- **Nozzle System:** Integrated Aerospike concentrator boosts air velocity and includes a built-in scraper tip for removing wet or stubborn debris.
- **Variable Cruise Control:** Includes a variable speed trigger with a speed lock-on switch to maintain consistent airflow without finger fatigue.
- **In-Line Axial Design:** The inline fan alignment optimizes the machine's balancing angle in your hand, reducing strain on the arm.

Technical Data

DCMBL562		
Voltage	V _{DC}	18
Type		1
Battery type		Li-Ion
Air Speed	km/h	200
Air Volume	CFM	450

Cordless 54V Economical Brushless Axial Blower DCMBA572N-XJ

- **Airflow Performance:** Delivers a maximum air volume of **600 CFM** and an air velocity speed of **200 km/h**.
- **Motor Technology:** Equipped with a highly durable, high-efficiency **54V brushless motor**.
- **Form Factor & Weight:** Handheld, ergonomically balanced design weighing **3.1 kg** (excluding battery pack).
- **Fan Mechanism:** Features an **axial in-line fan design** optimized to improve the working angle and limit operational strain
- **Variable Speed Trigger:** Includes a paddle-style throttle giving precise airflow management depending on the task.
- **Cruise Control / Speed Lock:** Allows operators to lock continuous air speed, vastly reducing finger fatigue over extended periods.

DEWALT Cordless Brushless Range

DCMBA562N-XJ 18V

Airflow Volume

450 CFM

Air Speed

200 km/h (with concentrator)

Speed Control

Variable trigger + cruise lock

Best For

Patios, garages, grass clippings

DCMBL572N-XJ 54V

Airflow Volume

600 CFM

Air Speed

200 km/h (125 mph)

Speed Control

Variable trigger + cruise lock

Best For

Large gardens, stubborn debris
